Vice President of Trader Experience

TopstepTrader

Aug 2012 – Present • 5 yrs 5 mos

Chicago, IL

In my current role I am responsible for all partner and business relationships at TopstepTrader. I manage our relationships across all departments and functions to ensure our traders have what they need to succeed in the markets. My function is heavily focused on business growth and user experience, providing the strategic partnerships and capital necessary for our firm to grow.

By partnering with other industry leaders, we leverage vast networks to grow our userbase and trading talent. Whether this is infrastructure related relationships, such as our data feed, or marketing and sales relationships pertaining to acquiring new traders, it is my responsibility to achieve, maintain, and monitor the performance, progress, and efficiency of each.

All this ultimately results in increased user engagement/experience, growth, and revenue.
